---

I, Prof Asia Naz Awan have done **Ph.D** on “*Drug-Drug and Drug Metal interactions of Gatifloxacin*” in Pharmaceutical Chemistry University of Karachi in 2009 and Post-doctorate from Bindley Bioscience, Purdue University (USA) on Nanotechnology in 2013. Currently I am working as a **Professor** in Faculty of Pharmacy and Pharmaceutical Sciences, University of Karachi. I have been awarded for **Best University Teacher Award 2010** by **HEC Pakistan**. I won **Best Research Paper Award of 2015/2016** in the field of Pharmacy by HEC. I am nominated by Govt of Pakistan for **2011 L’OREAL UNESCO Award** in the **Physical Sciences**. I have won **one International, two national, one industrial and five University Research Grants** amounted fifteen million approximately. I have supervised **Four PhD** students and **Eighteen M.Phil** students. I have published Three International book Chapters, One book and Thirty Nine International Research Articles with **Impact Factor 86.22**.

My research has involved the synthesizing new molecules, nanoparticles, metal organic frames, carbon organic frame, drug delivery systems and assessing their antibacterial, chemotherapeutic, immunomodulatory and enzymes stimulatory/inhibitory properties. Having being through extensive research and course of work during PhD and while involved in teaching pharmacy to undergraduate and postgraduate students, I have acquired adequate level of scientific personality. I presented many **scientific posters** (national & International) and **oral presentations** participated in various scientific workshops both nationwide and internationally Additionally I am working as Student advisor, Co-patron of Pharmacy scientific club, focal person of ORIC & QC, member of Faculty Board of Study, Departmental Board of Study. I am also the part of selection Board of Hamdard University and member of BOS of Lyari University. I am reviewer of many International Journals, Research Grant agencies of Pakistan for instance PSF and HEC-Sindh.
